## Duende

### The Romantic Project

Duende - The Romantic Project is the latest release (and Jazzhead debut) by stunning pianist and composer Joe Chindamo.

Duende represents a musical journey through the human condition: love (in all its incarnations), joy, sorrow, elation, despair, longing, melancholy, excitement, and even death, find their expression in these songs.

Joe, who looks to his Italian heritage for inspiration on this album, composed most of the pieces, while others were taken from the world of Italian opera, a Spanish love song and a Jobim classic. Duende is a marvelous selection of moods, melodies and musical magic: a highly emotional and deeply moving album.

Like any great writer who can express complicated ideas in a perfectly constructed epigram, Joe's music is forever accessible, quickly understood on many levels, and of course, far from simple.

Duende is out now on Jazzhead.
